The commission staff has identified each census block with a designation that it did or did not participate in a regular election for state senator in the 2010 election.

The staff has totaled the population by census block in each new senate district for all census blocks that participated in a regular election for senate in the year 2010.

The staff has identified twelve new senate districts seats which had the smallest populations of participation in the 2010 senatorial elections. These twelve new senate districts will be designated by the commission to have two year terms in the 2012 election.
